What was your favorite memory of your time playing high school basketball?

My first game freshmen year when I threw up a half-court shot at the buzzer to send the game into overtime. You don't forget shots like that.

Have you stayed involved in the game since high school?

Not as much as I would like, the occasional pick-up game at the gym.

Have you stayed connected with any of your past teammates?

Yes, I stay in touch with many of them and see them when I am back in town.

How did Lancers Basketball impact your life?

It taught me how to play a role on a team and do what you can on a given night to help the team win. It also provided so many laughs and memories with great friends and teammates.

Any advice you'd like to give to current Lancers Basketball Players?

Just enjoy every aspect of high school and the sports you play because you'll find yourself looking back on those days.

THANK YOU NOAH!
